Helios School
K-8 school for gifted children

Currently Accepting Applications

3rd/4th Grade Science Teacher (Full-time)

Are you a creative, innovative and caring educator who is seeking a position that is not bound by the expectations of traditional education?

Helios School is an innovative, independent school community for gifted children in grades K-8 in Sunnyvale, CA. We are seeking flexible, high-caliber educators to join our faculty who have:

- Math and science background
- Teaching experience and knowledge for promoting literacy across the disciplines
- A practice of life-long learning and continual professional development
- A desire to work collaboratively with colleagues
- A commitment to meet the needs of gifted children in an authentic and developmentally appropriate learning environment
- Flexibility and commitment to fostering a nurturing, creative and experiential environment that reinforces academic skills
- Ability to motivate and challenge students while maintaining a focused, orderly environment
- Ability to use an interactive, hands-on, project-based approach while promoting self-discovery and critical thinking
- Ability to use formative assessments to guide instruction and expectations
- Ability and interest to design and implement an engaging theme-based curriculum
- A positive and passionate attitude with demonstrated professionalism

Requirements:

- A BA/BS in math/science field.
- A strong understanding of gifted learners or willingness to learn.
- Excellent communication and conflict resolution skills with children and adults.
- Currently eligible to be employed in the US.

Compensation: Benefits and competitive salary commensurate with education and experience.

Please submit a resume with a short cover letter expressing why you are seeking this position. Please include a brief description of your educational philosophy.
